

# HOPE for the Journey Conference

(Formerly the Empowered to Connect Conference)

## Featuring Trust-Based Relational Intervention® Method

developed by Dr. Karyn Purvis and Dr. David Cross from the TCU Karyn Purvis Institute of Child Development

**Join ORPARC online for a FREE training opportunity.**

The adoption journey does not end on the day a child is welcomed home; in fact, the journey is just beginning. Children impacted by adoption and/or foster care have often experienced early attachment injuries related to loss, abuse, trauma, and/or neglect. *There is hope and help, though.*

Show Hope's **Hope for the Journey Conference** seeks to **encourage and better equip** parents and caregivers meeting the everyday needs of children impacted by adoption and/or foster care. At its core, TBRI® works to promote trust, attachment, and connection between caregivers and children by addressing physical and emotional needs while also disarming fear-based behaviors.
